Dear Melissa and Associates of GKG Orthodontics:

We could not have made it to our 40th year of granting wishes without you! On behalf of Make-A-Wish® Greater Pennsylvania and West Virginia, I want to thank GKG Orthodontics for your donation of \$10,000, raised from the donation of retainer fees. This donation was received on December 7, 2023. According to IRS regulations no goods or services were exchanged for your incredible donation. We are honored to recognize GKG Orthodontics as a Wishmaker on our website donor list, in our annual report and in our newsletter. You have received your 2023 Wishmaker date plate. As you know your gift supports our mission to create life-changing wishes for children with critical illnesses in our area, and we are most grateful to you.

No matter how tough life gets, there is always joy to be found beyond the confines of their hospital rooms for these two young boys. Thank you again.

Best wishes,

Stephanie Pugliese
Director of Development

*Thank You
so very much*
